

Thank you for the opportunity to be on the disability access focus group. It is clear that that you really listened to our concerns and suggestions. The building is a model of wheelchair access...I thank you and congratulate you on the completion of a project that serves the needs of all of our associates.

~Building User

FLOOR I

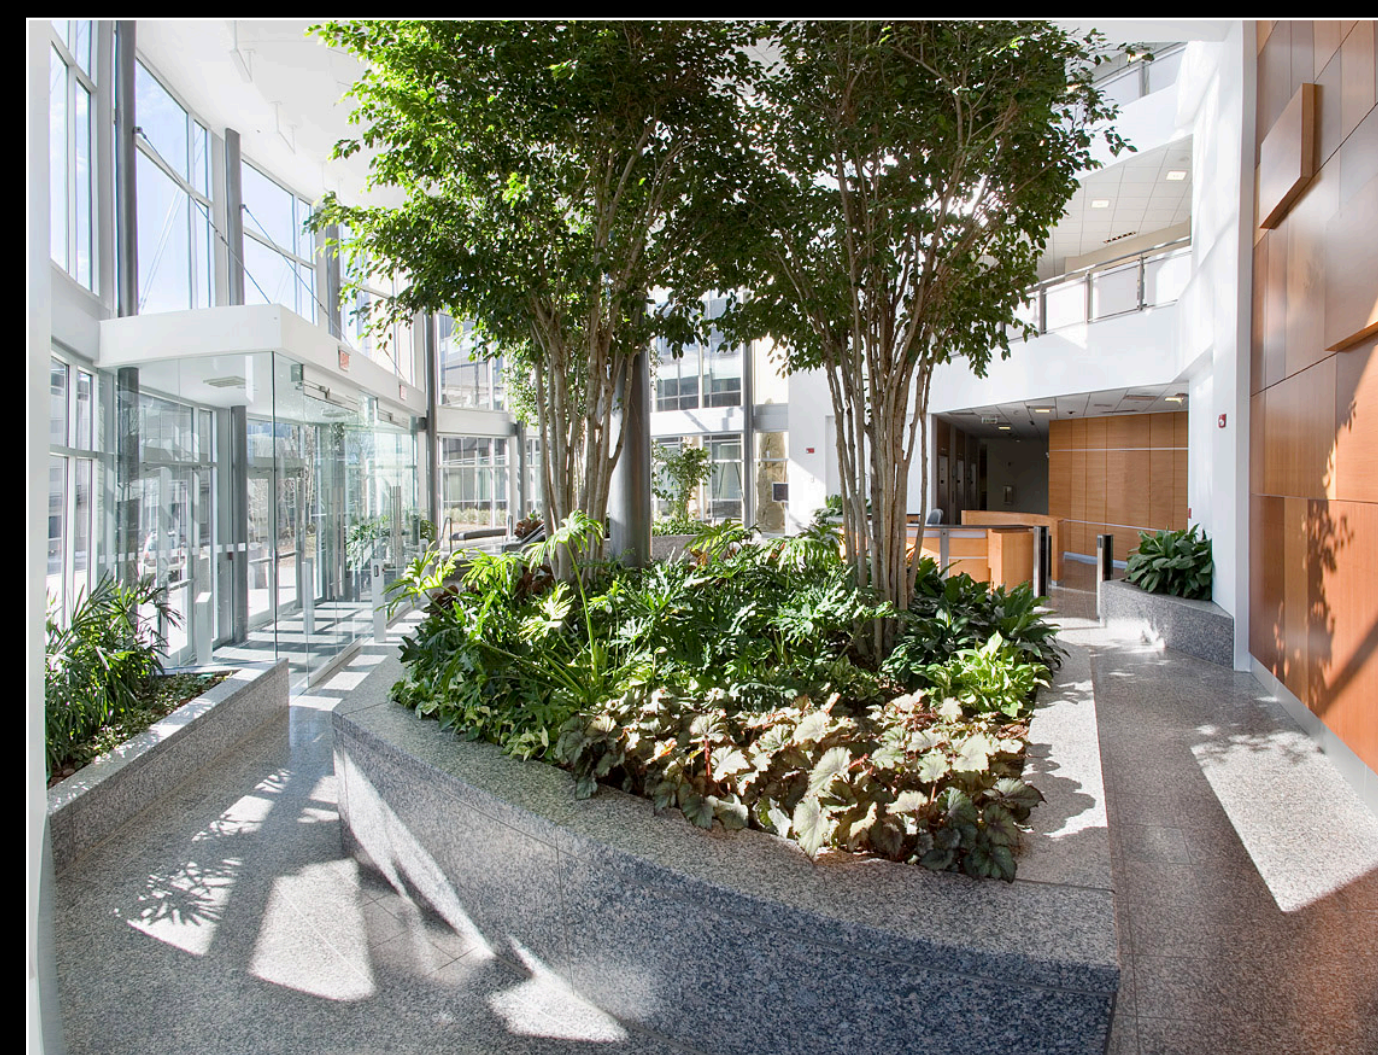

FLOOR 7

A. Constructed new lobby with interior ramp and stairs. Exterior has been regraded with the curb removed at the entire entry area.
